Objective

To secure a web developer position in a dynamic and innovative organization where I can continuously improve my skills, advance my career, and contribute to building responsive, user-friendly, and visually appealing web applications. I'm eager to collaborate with talented teams, embrace new challenges, and leverage cutting-edge technologies to grow both personally and professionally.

Experience

TJAARA | Front-end Developer

Sep 2024 – Present

- Translating UI/UX designs into functional, responsive, and interactive web pages using HTML, CSS, JavaScript, React.js and Next.js .
- Testing and optimizing websites to work seamlessly across different browsers (e.g., Chrome, Firefox, Safari) and devices (mobile, tablet, desktop).
- Ensuring the website performs well by optimizing loading speeds, reducing render-blocking resources, and using techniques like lazy loading, code splitting, and caching.
- Working closely with backend developers to fetch and display data from APIs and ensuring the frontend communicates effectively with the backend.
- Working closely with UX/UI designers, product managers, and stakeholders to ensure the final product meets user needs and business goals.

4Design for Advertising and Marketing

(1 year, 4 months)

• MERN Stack Developer

Jan 2024 – Sep 2024

- Assign tasks effectively based on team member strengths and workload.
- Outline project timelines, milestones, and resource allocation.
- Mentor and train team members, provide feedback, and help them grow professionally.
- Address any interpersonal issues within the team and maintain a positive working environment.

• Freelance MERN Stack Developer

May 2023 – Jan 2024

- Building and maintaining scalable and secure web applications.
- Designing and implementing custom CMS solutions to meet clients' unique requirements, resulting in increased efficiency and user engagement.

Genius By Heba Torad | Website Administrator

May 2021 – Aug 2022 (1 year, 3 months)

- Develop and maintain responsive, user-friendly, and visually appealing websites using New Zenler Platform.
- Collaborate with cross-functional teams to optimize website performance, user experience, and SEO.
